## A PROCLAMATION

*Whereas, during times of national and state emergencies amateur radio operators continue to provide communication resources; and*

*Whereas, these communications resources are provided at no cost to the Wisconsin taxpayers; and*

*Whereas, there continues to be a need for amateur radio operators to provide emergency communication capabilities as a backup resource during state and national emergencies; and*

*Whereas, amateur radio organizations such as the Radio Amateur Civil Emergency Services (RACES) and the Amateur Radio Emergency Services (ARES) are organized and trained to provide emergency communication support; and*

*Whereas, amateur radio clubs throughout the State of Wisconsin provide courses of instruction and the opportunity to become a licensed amateur radio operator; and*

*Whereas, amateur radio operators informed the world about Wisconsin's Sesquicentennial, Wisconsin's circus heritage including the Circus World Museum, the Great Circus Train, and the Great Circus Parade;*

*NOW, THEREFORE, I, TOMMY G. THOMPSON, Governor of the State of  
Wisconsin, do hereby proclaim April 22, 1999*

*AMATEUR RADIO OPERATOR RECOGNITION DAY  
in the State of Wisconsin, and I commend this observance to all citizens.*

## ***Guest Speakers at March Meeting***

At our March meeting we had a 2 representatives, one from Brown County Emergency Government and one from the Red Cross Chapter in Green Bay. They basically were there to brief us about what the local officials are doing to prepare for the year 2000 issue, dealing specifically with power outages and how we can help as a local amateur radio club in providing back up communications from specific sites across the county and maybe into the state capitol. Our president, Keith KS9WI is providing liaison between the emergency government and our club, and as more information is passed we will insert it into this newsletter. Basically they are looking at a two hour time frame on December 31,1999 for us to provide back up communications from various locations in Brown County, in case there is a need for us to provide communications in the event of power outages. We have been told that WPS is basically all set and ready and should not develop any Y2K problems on their network of power grids, but the local officials want a contingency plan in place ready to go in the unlikely event of an power outage. No promises have been made that there will not be any power outages, so it is better to be safe than sorry, more info to follow.

## ***Banquet News !***

Well if you did not make it to the banquet, you missed some good food and good fellowship, as we had about 40 fellow hams and friends show up for the banquet. This years banquet food consisted of chicken and ribs, but by looking at Bob's plate (KA9BXG) you would never know there was chicken at the table. The banquet went on without a hitch and Scott (KB9AMM) did another outstanding job of mc'ing considering that he was on the hot seat and was flying by the seat of his pants. The Ham of the Year award was handed out to Dale (WB9NRK) for his commitment to our amateur radio community, Scott (KB9AMM) was awarded two awards, one for his years of mc'ing and one for being on the HOT SEAT for that night. Kevin (KB9SNE) was awarded the Most Involved New Ham Award, and our president Keith (KS9WI) was awarded several awards dealing with his dc power cord related troubles with his radio. Gregg (K9KL) was awarded the Helicopter Award which deals with his broken rotors, Bob (KA9BXG) was awarded the RV Award as he will no longer be going to Dayton with the beast. Next years banquet has already been booked, and it will be at Woodside Golf Course, the Sunday following the Wisconsin Qso Party, which should be March 19,2000. The banquet committee will be formed by January 1,2000 and will hopefully have bigger and more awards planned for this annual event.

**WB9NRK Dale receives  
Ham of the Year Award from Keith KS9WI**

**KB9SNE Kevin receives certificate from  
Keith KS9WI for The Most Involved New Amateur**
